No	Title	eISSN	pISSN	IF	WoS Q	Launched Year	Website
1	Advances in Applied Mathematics and Mechanics	2075-1354	2070-0733	1,1	Q2	2009	https://global-sci.org/aamm
2	Analysis in Theory and Applications	1573-8175	1672-4070	0,2	Q4	2011	https://global-sci.org/ata
3	Annals of Applied Mathematics	3105-2266	2096-0174			2016	https://global-sci.org/aam
4	Communications in Computational Physics	1991-7120	1815-2406	3,1	Q1	2006	https://global-sci.org/cicp
5	Communications in Mathematical Analysis and Applications	2790-1939	2790-1920			2022	https://global-sci.org/cmaa
6	Communications in Mathematical Research	2707-8523	1674-5647			2009	https://global-sci.org/cmr
7	CSIAM Transactions on Life Sciences	3006-2721	3006-2713			2025	https://global-sci.org/csiam-ls
8	CSIAM Transactions on Applied Mathematics	2708-0579	2708-0560	0,9	Q3	2020	https://global-sci.org/csiam-am
9	East Asian Journal on Applied Mathematics	2079-7370	2079-7362	1,1	Q2	2011	https://global-sci.org/eajam
10	International Journal of Numerical Analysis and Modeling	2617-8710	1705-5105			2004	https://global-sci.org/ijnam
11	Journal of Computational Mathematics	1991-7139	0254-9409	1	Q2	1983	https://global-sci.org/jcm
12	Journal of Fiber Bioengineering and Informatics	2617-8699	1940-8676			2008	https://global-sci.org/jfbi
13	Journal of Mathematical Study	2617-8702	2096-9856	0,8	Q4	2014	https://global-sci.org/jms
14	Journal of Partial Differential Equations	2079-732X	1000-940X	0,3	Q4	1988	https://global-sci.org/jpde
15	Numerical Mathematics: Theory, Methods and Applications	2079-7338	1004-8979	1,9	Q1	2008	https://global-sci.org/nmtma

Global Science Press (GSP) is an international publisher based in Hong Kong, committed to advancing excellence across science, technology, engineering, and mathematics. We connect researchers worldwide, provide a professional publishing platform, and collaborate with leading scholars and societies to ensure rigorous peer review and global visibility. GSP strives to empower scientists to share knowledge, accelerate progress, and inspire the next generation of STEM researchers.
